PUBLICATION No: QBH 3548

EDITORIAL

Welcome to our third issue of the Gospyan Newsletter with the new committee. What a month it has been! We have all been so busy preparing and running the various functions we had during the month of May that we are fortunate to have been able to deliver this newsletter out on time. Readers' response to the new A5 size of the newsletter has been very encouraging. "Good initiative and a wide variance of creativity" has been the overall comments. We have therefore decided to stay with this new format.

This issue is a bumper issue going into 24 pages! The reports and articles are screaming in. Although this means more late nights in newsletter preparation and planning, it does also show increased interest and activity in Gospya and its' members. Naturally, with the workload increase, errors will creep in. A blunder which occurred last month was the omission of the Golf report by Nick Giannotis (oops!) We have included it in this issue.

The cover theme for the month is "Gospya Needs You!". We wish to get the newsletter out to as many Greek youth as possible so that they can all meet and discover new friends. Communication is the key to success so please pass the word on. Anyone interested in receiving the newsletter (there is no fee) send your name and address to the P.O. Box address on the cover. Or, alternatively, speak to any of the committee members and they will pass the details on for inclusion into our database. Any articles for inclusion into the newsletter can be passed on similarly (written notes, 720K 3.5" IBM floppy disk, 360K 5.25" IBM floppy disk or our favourite, 880K Amiga format are all acceptable).

Thanks to all those that submitted their efforts into this month's issue. As the pressure mounts for this semester's exams, we would like to wish you all (that are crazy enough to be studying) many HD's.

Asta La Vista, Gospya!... We'll be back!

TRIVIA NIGHT IS BACK!

7.30pm start at the GOSP Hall.

Great
Prizes!

\$5.00

PRESIDENT'S REPORT

Yassou,

Due to the great number of GOSPYA activities I wish to tell you about, I will mention them all briefly. You can then refer to special reports and advertisements elsewhere in this issue for more detail.

The Miss Greek Community Quest is to be held at the Greek Club on Friday, June 12th commencing at 7.30pm. Miss GOSPYA 1992 is Sophia Hadgis and I hope many of you will attend the Quest and offer your support. It is a cocktail party style function and admission is only \$5.

GOSPYA operated a stall at the Panayiri. Despite it being a very late decision to proceed, the stall was a great success and I thank all who worked extremely hard to ensure this.

The first GOSPYA car wash was held last month and this is now a monthly activity.

The Movie/Pizza Night held on Friday, May 15th was a success. Stay tuned for more of these functions in the future.

Trivia Night returns on Friday, June 26th commencing at 7.30pm. This date is after exams for most people.

To help celebrate the end of exams, a Combined Youth "Bust Out Of Exams" disco will be held on Sunday, 28th June.

Don't forget the Mount Warning Bushwalk on the weekend of July 4th and 5th. It is shaping up to be bigger than Burke and Wills.

Debutante Ball places are filling rapidly so if you are interested I suggest you move quickly.

Lastly, I will mention the GOSPYA Reunion Dinner Dance to be held on Saturday, 11th July at the GOSPHall. This will be a very entertaining and amusing function for both past and present GOSPYANS.

Best of luck to all of you who are sitting exams.

A. Masselos

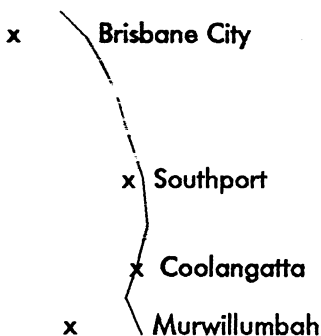

Anthony Masselos

QUOTE OF THE MONTH

Bite off more than you can chew

And chew like mad!

GOSPYA TAKES YOU TO THE TOP AT MT. WARNING!

About 1.45 hours drive
at a steady speed of 100K/hr

Be prepared to be taken to the top of Australia. Mount Warning is the highest most eastern point of the country. It is the first land in Australia to see the sun of a new day. GOSPYA is giving you the opportunity to trek this wonder that captured the heart of Captain James Cook on his voyage of the east coast.

We have arranged a Lieutenant Scout Master (Elleni Souris) to guide you on your Journey. A complete trail is marked out, and a lookout platform awaits you at the top. On a clear winters day you can even see the Glass House Mountains. Journey up takes around 1.45 hours and storm down in only 1.5 hours.

WHEN?

SUNDAY MORNING JULY 5TH

HOW?

Option 1: Leave Brisbane Saturday afternoon at around 2pm from Hungry Jacks at Garden City. Settle into camp site. Spend Saturday evening around an enormous bomb fire. Sunday morning Scale Mounting with Brisbane party.

Option 2: Leave Brisbane early sunday morning at 7am from Hungry Jacks at Garden City. Rendezvous with overnight party at camp site. Scale the Mountain and return to the camp site for a BBQ and sports activities.

Camp site facilities include: Tent sites, 2 or 4 bed caravans, Units, Showers and toilets, on site food store. BYO food and drinks. Large BBQ hotplate provided to cook on. Cooking facilities available in Caravans and Cabins.

\$28 = 6 Bed Brick Cabin

\$25 = 6 Bed Caravan

For bookings or more details phone Greg Kaloutsis before JUNE 20TH

PANIYIRI 1992

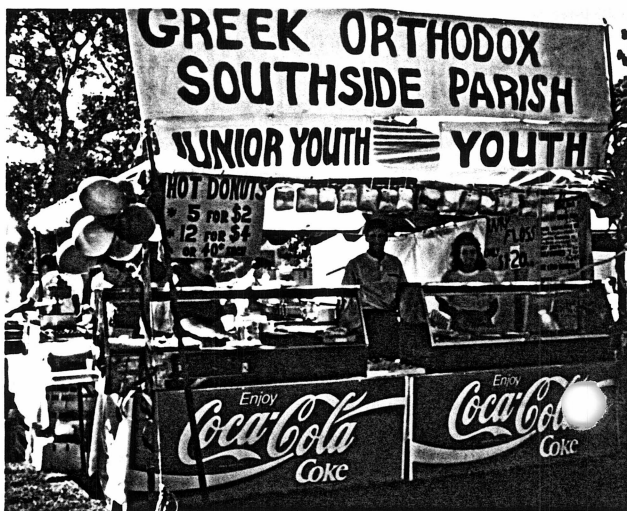

by Chris Hadgis

Providence was smiling on GOSPYA and the Greek Community on Sunday, May 24th, for the annual Paniyiri at Musgrave Park. We were blessed by one of the most beautiful days in recent weeks. I knew it was going to be a nice day when I saw the sun come up over the church at 5:30 am! For the first time, we had a stall of our own. As it turned out, everyone who came to our stall and those who worked there, had a fantastic day.

There was an enormous amount of preparation that went into the day. We had to purchase the food and drinks, prepare the food before the day, organise people to staff the front counter, get equipment together, and other numerous details. Thanks go to Nick Contoleon, Spiro Semitekolos, and Elleni "with two 'L's" Souris, who helped the committee members make up the chicken souvlakia.

Nick "Amiga" Marentes showed he was more than just a talented newsletter editor (he made me say that) when, with the help of his parents and sister Vicky "I thought the fairy floss was \$1.50" Marentes, he kept the donut machine going all day, making loads of delicious donuts. They were beautiful (crawl, crawl, can I have another one?). It was great to see parents helping their kids run the stall. They didn't try to take over, but did whatever was asked of them.

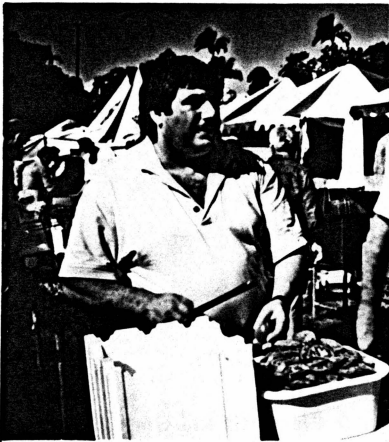

OUR STALL!

The day proceeded at a pace quicker than an Indy Grand Prix. We couldn't cook the souvlakia fast enough to keep up with the demand. The supply of tomatoes was underestimated, so a clever dentist and an equally clever computer programmer, both with RayBans and white chef-hats, substituted extra onion for tomato. It's all Stavros "To Thiko Mou Papiroma" Kazoullis' idea - I just went along with it. Elleni didn't have anything to do with the extra onion. Sorry about your pita-bread, Yvonne.

The guys did a fantastic job cooking the souvlakia. Everyone had a go at it. Things went well, but at one stage we had to try to heat up one BBQ with generous quantities of Romulan ale before Anthony "Flame-thrower" Masselos supplied us with his oxy-torch. What can't this guy do? (He made me say that). You really had to be behind the scenes to experience the camaraderie that was present the whole day. It's a good feeling.

Spiro Semitekolas
Helping out with the food

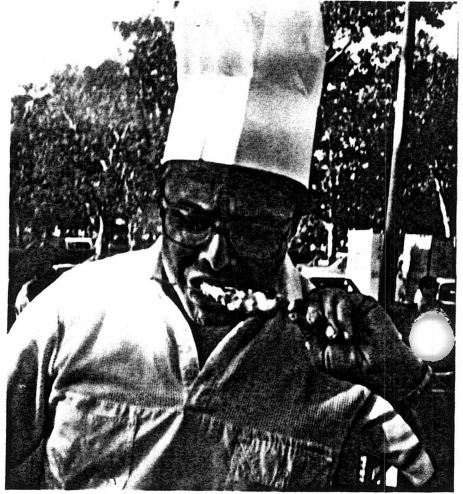

Nick Conteleon
Even on his birthday he came to help!

The girls and ladies put in a massive effort that ranks up there with the building of the Pyramids and the Great Wall of China, to keep serving the crowds all day. We are proud of each and every one of them. They were going non-stop the whole time. Every time we went to fill up the hotbox with food, they were smiling. They weren't getting into some of the aforementioned Romulan ale (which looks a lot like metho), were they? We never did find the bottle at the end of the day.

Things were going so well at the end, it seemed a shame to stop, so we kept going until the sun went down. We fed the hungry horde souvlakia at bargain basement prices. Eventually we had to give in and start the huge cleanup operation. Some people, like Anna "Tsiriyotiko" Conomos and Kalliope "Pentozali" Tarros, partied at the Greek Club. It's a thankless job, but someone had to do it. A few brave souls, including Sophia "Did you like my sign?" Hadgis, took nearly six hours to clean the equipment and return it to its rightful owners.

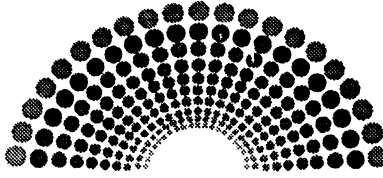

Mr. Hadgis (QC dept.)
Testing the food before consumer consumption.

No! It's not the Greek mafia!
Theo Stathis, Chris Hadgis, Stavros Kazoullis, Nick Gianniotis and Greg Kaloutsis

It was a long day, but I believe everyone had a great time. Thanks to all the people who helped throughout the day. Your efforts were sincerely appreciated. Bye for now ... remember, whatever you do, wherever you go, go - go - go - go with a smile!

Fellowship Report

Committee: Stavros Kazoullis, Helen Mihalitsis, Leah Kypriadakis

The involvement of youth in our church is continuing to rise, this can be seen in the increasing numbers attending fellowship every 2nd Friday.

On Friday the 15th of May, Father Constantine talked to the youth about Saint Constantine and Saint Helen and the rising of the Holy Cross. This talk proves to be extremely interesting and fruitful as Father Constantine brought our attention on a number of points based on faith and belief.

Following fellowship, droves of people entered the main entrance of the GOSP hall which had been transformed into a movie theatre. Two great movies, "City Slickers" and "Backdraft" were superbly transmitted through high quality equipment, on a large screen with HiFi 4 channel stereo surround sound.

Throughout the evening, various waiters and waitresses performed the task of serving pizza, garlic bread, popcorn and as much soft drink as people could drink.

Thanks to the expertise and know-how of Gregory Kaloutsis and Nickolas Marentes and the co-operation and assistance of the committee members, the evening went without a hitch.

We look forward to seeing you at the next fellowship meeting on Friday the 12th of June at 7.30pm. The Topic will be "The Holy Spirit in relation to the Holy Trinity". Following the meeting, games of volleyball and table tennis will continue. See you then.

ZAKYNTHOS

By Helen Mihalitsis

Zante Island, the "Fioro of Levante" known all over the world, remains today the island of fables and dreams, the diamond of the Ionian Sea.

It's enrapturing gardens, it's picturesque narrow lanes, the guitar accompaniments in the night silence and the famous harmonic serenades are it's outstanding characteristic features.

There are numerous authors and philologists who have a name of sweetness and love to Zante. All this seems to be very little to express what Zante really is. The old famous nobility is no more so apparent as in the past. But a careful eye can find it out in the souls of its people today, in their nobleness, their hospitality, their actions, their feelings, and their fine character.

The shape of Zante is an irregular triangle. Zante is the most southern of the Ionian Islands, being between 37 - 48 latitude and 38 - 45 longitude, 9km from Chelonapa Cape of Ilis and 15.5km from Catelio of Cephallonia.

There are many worthwhile places to see in Zante attracting thousands of tourists yearly. First of all are its important caverns, such as Drakopilia (dragon cavern) at the end of Megalo Vouno.

Around Zante there are many small islands such as Marathonissi, Pontikonissia, Aghios Sostis etc. They are all picturesque and mostly attractive.

In Zante there are a lot of sulphureous curative springs. The most important are those of the Girakari area with bath accommodations.

The most beautiful landscapes of Zante are: Mt. Skopos, Davia hill, Argassi with its orchards and last but not least, Strani Hill where Solomos wrote the national hymn.

That is in a few words the wonderful island with its great history and its great role played during the centuries. Its spiritual fertility and the mobility of its sole connection with its natural beauties will always remain the outstanding attractions of Zante to be admired by any visitor.

NICK MARENTE

ART: HYDRONOLF
GRAPHIX

WHEN WE LAST LEFT OUR HERO, HE
HAD SUCCESSFULLY RESCUED THE
BEAUTIFUL MARIA MELITZANA
FROM THE EVIL CLUTCHES OF THE
LOCAL BOOMBOONA, MIMOS
MATSOUKIS!! CAPTAIN
COURABIETHA (C.C. FOR SHORT)
WAS ON EVERYONE'S LIPS,
ESPECIALLY MARIA'S!!

YOU SAVED ME CAPTAIN COURABIETHA!
HOW CAN I EVER REPAY YOU!!?

I CAN THINK OF
A WAY, RIGHT
GUYS?!

BUT! BEFORE HE COULD
GIVE LANGAN...

UH-OH!! THERE'S SOMETHING
WRONG! I'D BETTER SPLIT!

HE QUICKLY RAN AWAY...

THAT TREE!!

BANG

BEHIND THE TREE...

OH NO!! MY COURABIETHA
POWERS HAVE RUN OUT!!

I'VE CHANGED
BACK TO MY
ULTRA-DORK STATUS,
PETER RUXIMADI.

WHAT A BUMMER!!

HOWL 2, THE NEXT DAY AT
UNI, PETER UNCOVERED...

LOOK! THERE'S A REPORT ON
LAST NIGHT'S RESCUE OF YOU
MARIA IN THE GOSPAV MAGAZINE*

WOW MARIA!! THAT
CAPTAIN WHOEVER
WAS REALY CUTE!
DID YOU GET HIS NUMBER?

NO, I WISH I DID
THOUGH, HE WAS SO
HOT!!

THEY'RE
TALKING ABOUT,
... ME!

*IF ONLY REPORTS WERE THAT FAST!

EVERYWHERE PETER WENT, PEOPLE WERE TALKING ABOUT HIS
ALIAS PERSONA... **CAPTAIN COURABIETHA!!!!**

DID YOU SEE 60 min.
LAST NIGHT?
SOMEONE CLAIMS
TO HAVE SEEN
CAPTAIN COURABIETHA
WALKING QWEN ST. WITH
ELVIS!!

YEAH?

HUH!?

WHITE
SOULAKI
BROTHERS

WHAT?

WENT DOWN TO MIMI'S
HAIR STUDIO AND GOT
A NEW CAPTAIN
COURABIETHA
HAIR CUT!

MAN! I GOT MY HAND
ON A CAPTAIN GOLD
CROSS!

CAPTAIN COURABIETHA DEPICTIONS WERE
SEEN ON THE COVERS OF EVERY MAJOR
MAGAZINE!!

THEY'VE EVEN
DONE A COMIC
ON HIM!
I MEAN, ME!

WILL PETER TAKE ANOTHER BITE FROM HIS
MOTHER'S RADIOACTIVE COURABIETHA'S
AND TRANSFORM TO TRENCH-LEVENDI,
CAPTAIN COURABIETHA? WHY HAVE
I GOT SO MUCH SPACE LEFT!

STAY TUNED - NEXT
MONTH!!

YAGU! 092

In the Beginning...

By Anastasios Bozikis
Student of St. Andrew's
Greek Orthodox Theological College

The creation of the world has always fascinated us. Throughout history, various theories have been put forward to try and explain our existence. Over the last century and a half, two major theories have been battling it out in the scientific community - the theory of evolution and the theory of special creation (which is usually based on a literal interpretation of the Genesis story). I do not intend to present a scientific argument for or against either theory that is better left to qualified scientists. I wish to briefly outline the church's teaching on the creation of the world and the reason why it is so technologically important for these basic truths to be accepted by all Christians.

Archbishop Styllanos has described the dogma of creation as the most fundamental in Christian teaching. Everything else depends upon what we believe about that. The church accepts that God created everything 'ex nihilo' (i.e. out of nothing). This categorically rules out the possibility that the universe was formed by chance. Furthermore it means that God didn't fashion the world out of pre-existing matter or that the world was formed from God's own essence (which is what many Eastern religions teach).

From this 'ex nihilo' dogma, we can establish four major theological conclusions. Firstly, if God created out of nothing then he created in absolute freedom. Nothing compelled him to make the world. If matter pre-existed, the act of the material at hand. He would have been motivated to act so as to put some order in the pre-existed chaos. This isn't freedom. If on the other hand, God created out of his own essence then the world should share in God's essential attributes, eg. all-goodness, omnipotence, without end etc. This certainly isn't the case.

Secondly, creation 'ex nihilo' means that God created in absolute love. God is essentially love and if we accept that he is complete in himself and that he acted freely then no other reason exists for the creation of the world than that of love. This love began with the creation and was ultimately fulfilled in Jesus Christ. Thirdly, the fact that we aren't created from God's essence means we, as creation, are different from God. He is the 'totally other'. He is everything we are not. We can have real contact with him only through prayer. If, on the other hand, we shared God's nature then prayer would be irrelevant for we would be absolutely like God - identical.

Finally, the fact that the world was created out of nothing, logically leads us to conclude that it will return to nothing. Then it is only God's love acting through grace that seeks to transform the creation into something immortal and eternal. This is the reason that Christ came into the world and why we have hope in salvation.

The Bible and the Church Fathers witness to the fact that God created the world out of nothing. We have seen how basic this doctrine is in understanding what God is like and the reason why he created.

G.O.S.P. SOCIAL GOLF CLUB REPORT

Finally G.O.S.P. social golf club has progressed from the planning stage to reality. The club has a strong hold of 31 members and a further 17 future members to be processed. The response has been overwhelming and leads me to believe that the club will remain strong and will be available to our growing youth in our community.

On the 10th of February, 1992, G.O.S.P. held its first general meeting and subsequently a committee voted in. They are as follows.

President/Secretary	Nick Gianniotis
Treasurer	George James
Captain	Avraame Solomon
Vice Captain	James Prineas
Committee Member	Dean Castrisos

On the 29th of March 1992, G.O.S.P. Golf Club held its first inaugural golf day with 20 starters teeing off at 8:00 am at the Logan City Golf Course. The competition was fierce and saw some good golfers climb to the top of the ranks. The days results are as follows:

A DIVISION

1st George Georges (H.cap 15)	nett score 70
2nd Dean Castrisos (H'cap 6)	nett score 73

B DIVISION

1st Nick Bantouvakes	gross score 101
2nd Nick Gianniotis	gross score 107

Nearest to Pin:	3rd Hole - George James
Eagles Nest:	17th Hole - (Jackpot)
Draw of the Card:	- Arthur Vlahogenis

SPORTS REPORT

by Peter Delibaltas

This is the third instalment in the GOSPYA SPORTS report from me. I hope that the last information packed report was helpful to all those who have an interest in GOSPYA's sporting pursuits. The draw for soccer has been released and it will be in this report.

NETBALL: The two teams are nearing the end of the regular season and at this point in time it looks as though GOSPYA MAROON should make the semi-finals in their division. Unfortunately, GOSPYA BLUE does not appear to be able to make a finalists position at this stage. However, best of luck goes to the members of GOSPYA MAROON and we hope they can hopefully take out a finals position and make the grand finals. So, with this in mind I would ask that all those who would like to support the teams are asked to do so when possible.

At present GOSPYA BLUE is making enquires with the Lang Park Indoor Netball Competition and may be relocating to that competition. The team has not as yet relocated and a final decision has not been made yet. I will keep you posted as to the progress of both teams as news comes to hand.

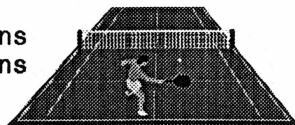

BASKETBALL: The mens basketball team has played its 7th game for this season and they are on a 2:5 win/loss ratio. The team losses, however, do not show the competitiveness of the games in which they play. Every game the team has played so far has been close and action packed, leaving those spectators who attend on the edge of their seats.

Alas, many of the other teams turn up with many spectators compared to ours, and this can often be decisive in a close game. Thanks must go to those who have attended to watch some of the games and support the team, without these dedicated few support would be almost nonexistent. On this note if you have some time on a Sunday evening which you can spare, come along to basketball and you may be pleasantly surprised.

SOCCER: I have received the draw of games for this season and it appears below. Since the publishing of the last newsletter the soccer team has played four games; losing two and drawing two. This is not a true indication of the teams potential as there are several players out of the line up due to injury. The team is in the middle of the points table at the moment and will be looking for an improvement in the next few games.

As with all the other sports, it is very important that spectator support be available for soccer as well. The soccer team has had some great success in the past few years and it would a great bonus for the team to see some more spectators when possible. The game draw listed below could be useful for those wishing to attend some of the games.

DATE	OPPONENT	VENUE
13/6/92	Raceview	Robertson Road, Raceview
04/7/92	New Farm	Brittain Park, Coopers Plains
11/7/92	GOYA	GOYA Oval, Dutton Park
18/7/92	Serbia	Brittain Park, Coopers Plains
25/7/92	Blackstone	Brittain Park, Coopers Plains
01/8/92	Park Ridge	Hubner Road, Park Ridge
08/8/92	Silkstone	J. Donald Park
15/8/92	Raceview	Brittain Park, Coopers Plains
22/8/92	New Farm	New Farm Park
25/8/92	S E M I - F I N A L S	

CRICKET: On the date this report was released the team had played three games. Whilst all have been losses the team has enjoyed playing each and every game with great improvements from all players. Good performances from some team members appear below:-

10th May, 1992 vs INALA XI

George Delibaltas	Batting 18 runs not out
James Prineas	Bowling 10 overs 2/49
Peter Delibaltas	Bowling 10 overs 2/53
Robert Prineas	Bowling 3.1 overs 3/23

24th May, 1992 vs BRETTS XI

James Prineas	Batting 19 runs
Dino Simonidis	Batting 18 runs not out
Andrew Samios	Bowling 10 overs 2/41
James Prineas	Bowling 10 overs 1/37

TENNIS TOURNAMENT: The 3rd Annual GOSPYA APYGN TENNIS TOURNAMENT is being held again. At the moment the date looks like being Sunday 19th July, 1992. This, however, depends upon the availability of the venue - University of Queensland Tennis Club.

This year GOSPYA will be trying to arrange the teams a long time before the tournament. The structure of the tournament involves a doubles format with two male divisions and one female division. This will also depend upon the number of people who are interested in playing in the tournament.

So, if you are interested in playing in the tournament please call me on telephone number 345 7425 and place your name on the list to play. There will be more information in the next issue of the newsletter so please keep reading the newsletter to stay up to date.

GOSPYA CAR WASH REPORT

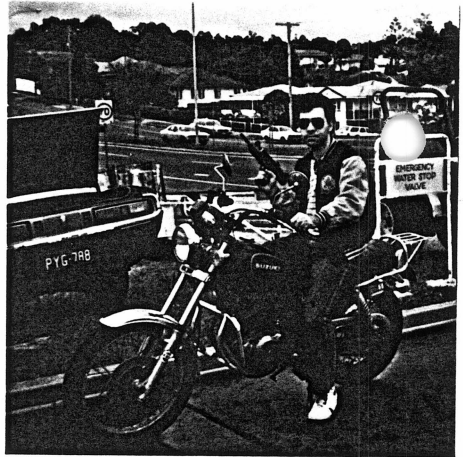

By Chris Hadgis

On Saturday, May 16th, GOSPYA had a car-wash at the Ampol service station on Creek Road at Carindale. The day was cold and cloudy, but that didn't stop a dedicated team of GOSPYANs from washing almost 40 vehicles.

After practising on three GOSPYAN cars, we were ready for our first real customer - a Saab 9000 turbo. One of the young ladies present loves them so much she wanted to wash the car herself. It took her the rest of the day to get over the experience.

Later in the morning we were paid a visit by a Greek-style Terminator, complete with jacket, dark glasses, and Uzi 9mm. Yes, even motorbikes were washed. The biggest vehicle of all to be washed was the four-wheel drive belonging to Mr. Peter 'Plant Hire' Samios, and the Hilux of one of the car washers. Oh, what a feeling ... Toyota!

NICKOLAS MARENTES

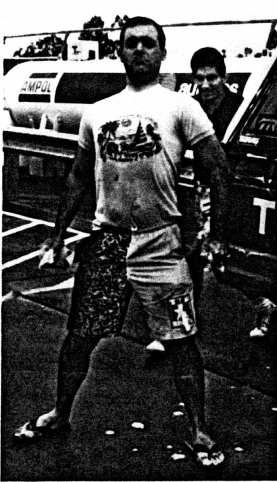

TERMINATOR 3
CAR WASH DAY

Vicky Marentes

"Itsa!...Itsa!...It's a SAAB!!"

The team did a great job washing the cars, and while they clowned around and sometimes, they took pride in the job they did. All of the customers were more than happy to have their cars washed. No car was too big, no fee was too big. From Valiant to Mercedes, Corolla to BMW - if you can drive it, we would wash it. No problemo. There will be another car wash within the next few weeks, so look out for it. Come down and support the guys and girls. Remember ... take care on the roads and drive safely.

Stavros Kazoullis
The leader of the plaque!

THE TEAM

James "She looks alright!" Prineas

Helen "I've had bad luck all day" Mihalitsis

Stavros "Back off man, I'm a dentist!" Kazoullis

Maria "I've only got \$1.40!" Kazoullis

Nick "Asta La Vista!" Marentes

Anthony "Oh, what a feeling!" Masselos

Chris "The Crown goes anywhere!" Hadgis

Stavros Kazoullis and Anthony Masselos
"Oh! What a feeling...Toyota!"

Anthony (President) Masselos
"This is the way we wash our car, wash our car, wash our car."

Cerebral Food

LAST MONTHS SOLUTION:

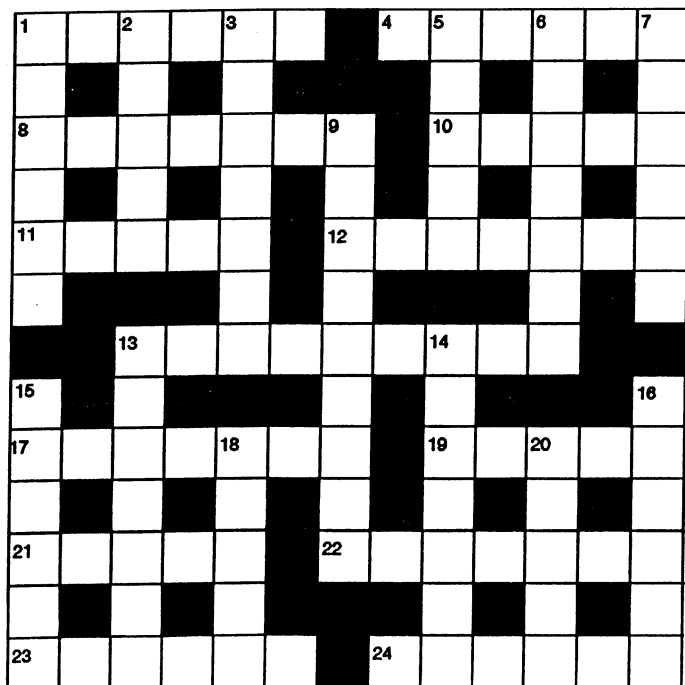

Let a = Grant's age, b = his son's age, and c = his grandson's age.
From the information given, we can produce these equations:

$$a + b = 100 \quad a = 5 * c \quad c + (a - b) = b + 8$$

From these equations we can derive the fact that $a = 65$, hence $b = 35$ and $c = 13$. So Grant's grandson is 13.

ANAGRAM CROSSWORD

In this crossword the clues are all anagrams. Simply rearrange the letters of each clue to make another word to be inserted in the diagram. Take care however. If the clue is PART, for example, then the solution could be either RAPT or TRAP - you must find some interlocking letters before you can decide which is the correct solution.

GOSPYA'S ANNUAL DEBUTANTE BALL

This year we are celebrating

A DECADE OF DEBUTANTES

*This year will be the biggest
Debutante Ball Ever!!*

Any young ladies who would like to
participate in this special event (this includes
guys to act as escorts) may contact:

Vicky Marentes 343 2452
Kalliope Tarros 841 2618
Sophia Hadgis 343 5176
Anna Conomos 349 7350
Patra Ganis 398 5398

LETS DO THE TIME WARP

Are you ready to go back in time? GOSPYA 1992 are taking you there. It all began in 1980 when a brave young man Nick Pippas faced the task of uniting all Southside youth in faith, happiness and spirit.

GOSPYA 1992 is giving you the opportunity to relive the past with what we believe to be an exciting night. Remember the good old days from self-defence classes in the old church hall, to the greek tavernas (being the only function you were allowed to go to) to those famous GA Video nights.

The evening will proceed with a complimentary glass of champagne or softdrink on arrival followed by hot and cold savouries allowing you time to intermingle with friends and catch up on old times. After a sumptuous dinner rise and dance to magical sounds of OMEGA. Then settle back to see the best of the GA videos. The star line up includes Nick Pippas as Spock, GA Editorial with Cos and Effie, Alex Callos now Aloizos as Kylie Mole, Theo Condoleon as Marty McFly and not to forget Michael Londy as Rambo!

During the evening we will be hosting a number of special events. The most important being the unveiling of our "Honour Board" to congratulate all past presidents for a job well done over the last 12 years. Through the highs and lows of those years we have kept together, worked as a team, enjoyed good times, achieved set backs, made new friends and most of all held unity throughout the community between past and present GOSPYANS.

The gala event will be held on SATURDAY 11 JULY 1992 at GOSP Hall. The fee of \$25.00 per person guarantees your seat at what is to be a trip down memory lane. Bookings are essential and you may contact those persons listed on your personal invitation or any one of our Committee members. To commemorate the evening, you will also receive a memento of the 1992 GOSPYA Re-Union. Please note dress is formal.

GOSPYAN CALENDAR
